

**A HAPPY
SUMMER DAY**
OF ANNA AND ANDY

Today is a summer day. In the sky, the **yellow** sun is shining bright and there are **red** flowers on the ground. The twins Anna and Andy are very happy and excited because they can play many interesting games together. Anna is riding a **pink** bike. Andy's bike is **blue**.

There are **green** leaves on the ground in the park. Anna and Andy are playing on the colourful slide in the playground with Tony. Anna is wearing a **blue** t-shirt and **orange** skirt while Andy looks cool with a **red** cap. Their **brown** pet dog Lucky also follows the children, sometimes it wags its tail and jumps up happily.

Anna and Andy are very excited to play as the doctor and patient. Anna plays a doctor with a **white** hat with a **red** cross and Andy is a patient. Anna wants to be a doctor when she grows up.

Their mother is very happy to see the children playing together. The mother asks them to wash their hands before having dinner.

After having dinner, the kids look forward to the time to study online via **Apollo@Home**, they can talk with foreign teachers and take part in fun games while learning.

A happy day is about to end. Anna gets under her **rainbow** blanket and reads some good stories from Apollo English's textbook. She knows the brown teddy bear will help them have beautiful dreams.

THE END
